

Sinclair Broadcasting Group Inc. is a strong supporter of the GOP and they are now ordering their stations to air "Stolen Honor", a clearly right wing anti-Kerry documentary. Sinclair recently forbade it's stations to air a Nightline tribute to American soldiers slain in Iraq, clearly because it did not support their political agenda.

Sinclair needs to be held accountable! This is either a political contribution and should be announced as such, or equal air time should be given to the Kerry campaign.

Sincerely,
Joe Bunger
